Dear Pierre,

When I had to find a moving company to move my brother, I had to find a company that I could trust and rely on. I found that in A Pioneer.

From my first conversation with Sadie to meeting and working with Giovanni Morales and Khalid, your company met and exceed all of my expectations. Sadie made sure that I got what I needed in the move and made sure that if I had any questions, that she was there to answer them. The two movers, Giovanni and Khalid, were great. They treated me and my brother with respect and handled the furniture and boxes as if they were their own. They made sure everything was handled with care. They worked fast and hard and got the job completed in a short amount of time and made sure I was fully satisfied.

Thank you once again for Sadie, Giovanni and Khalid. If I ever needed to move again, you will be the one that I call.

Sincerely,

Jeff Blaier
